“I’m here to be an advocate in every way for the financial advisors at my branch. It is my job to make sure they not only enjoy what they do, but that they flourish because they’re doing it at Wells Fargo Advisors.”

- Mary Marett | Manager of Radnor, PA Branch

## Wells Fargo Advisors is the firm of choice

Over the past decade alone, we’ve helped thousands of advisors transition to our multi-channel platform.

We have a clear process and are well-versed on how to prepare for your move, and we offer customized support through a dedicated consultant who will remain by your side throughout the transition process.

I know what it's like to work hard and still want more from your career. I paid my way through college by working four jobs, one of which was for an independent financial services firm. My boss noticed my natural ability to speak with clients on the phone, and he urged me to get my registrations.

Since then, I have continued to work hard – and I still want more. After graduating, I worked at Raymond James for more than six years and then served in several roles at Janney Montgomery Scott, earning a number of promotions. Since joining Wells Fargo Advisors in 2013, I have been an advisor like you, as well as a Productivity Consultant and Regional Productivity Manager.

This summer, I became the Branch Manager of our Radnor, PA, branch. I'm looking for experienced, successful advisors to join our team. Like I said, I know what it's like to want more and hope for the opportunity to talk with you about what more can mean for you at Wells Fargo Advisors.

### COMPENSATION

Wells Fargo Advisor's industry-leading compensation structure speaks for itself, and our succession program offers advisors nearing retirement many ways to properly plan for the future of their business.

### CHOICE

We offer our advisors three business channels to work from. You choose the one that's best for you and your clients – and even if you change your mind later, we can help you transition within these channels.

### POSITIVITY

I've been a financial advisor, so I know career changes have to make sense for you, your family, and your clients. This is a place of positivity, and I believe you have to love what you do in order to make a positive impact.

Let's discuss how you, too, can benefit from more in your career. Contact me today at [mary.marett@wfa.com](mailto:mary.marett@wfa.com) or (610) 293-7375.
